This is a revised single Equalities Scheme for *St Paul's Primary School*. This document sets out our school's overall commitment to equality, diversity, human rights and community cohesion, which permeates in all our policies and procedures. It aims to ensure that everyone who comes into contact with our school community is valued and respected. It aims to promote equality of opportunity and eliminate unlawful discrimination harassment or victimisation. It contains an approach to all the groups of people with protected characteristics identified by the Equality Act 2010. It also sets out our specific school objectives and it outlines how the school will incorporate the scheme within our day-to-day school life.

Our scheme includes our whole school; i.e. pupils, staff, governors, parents and carers and all those within our extended school community, such as neighbouring schools and learning organisations.

Whilst the document also serves to outline our statutory duties under the Equality Act 2010, more importantly it allows us to focus on making our school a fair, respectful and inclusive place, with an aim to improve outcomes that matter to our school community.

## **2. Introduction**

The role of an Equalities Scheme is to visibly set out our priorities for action to improve chances, choices and outcomes in the lives of different groups of people and measure how we are doing to attain them.

The Equality Act 2010 covers discrimination, harassment and victimisation because of **age, disability, gender reassignment, marriage and civil partnerships, pregnancy and maternity, race, religion or belief, sex and sexual orientation**. These categories of people are listed as protected groups because of their characteristics. There is recognition of the complexity of multiple identities and therefore multiple needs and disadvantage. Our equality scheme includes our priorities and actions to eliminate discrimination and harassment from these protected characteristics as well as promoting a culture of human rights, respect and dignity.

The duties apply to staff, pupils and people using the services of the school, such as parents and the wider community.

Our school recognises our responsibilities with regard to the Equality Act 2010. The three areas which we are required to address are:

- Eliminate discrimination and other conduct that is prohibited by the Act,
- Advance equality of opportunity between people who share a protected characteristic and people who do not share it,
- Foster good relations across all characteristics<sup>1</sup> - between people who share a protected characteristic and people who do not share it.

To further these aims, the school should choose and publish equality objectives.

### **3. School Values, Ethos/Mission Statement**

Our aim is to provide education for all, acknowledging that the society within which we live is enriched by diversity. We strive to ensure that the culture and ethos of the school reflects and celebrates the diversity of ALL members of the school and wider community. We also seek to ensure that everyone is equally valued and treats one another with respect and fairness. Pupils and other members of the school community will be provided with the opportunity to experience, understand and celebrate diversity.

At St Paul's Primary School we:

- Recognise each person's uniqueness and individual needs and encourage him/her to take full advantage of all school life can offer.
- Provide a safe environment, which nurtures a love of learning and for life itself and which enables each person to have increased aspirations.
- Provide a varied curriculum, which is both broad and balanced and is enhanced with variety of enrichment events and after school activities.
- Provide for all aspects of children's /staff development to enable each pupil/staff member to achieve his/her full potential.

- Provide boys and girls from all social and cultural backgrounds, irrespective of ability, the same educational opportunities.

It is the school's aim that pupils:

- Are numerate and literate, and can apply these skills in everyday situation.
- Have a wide range of knowledge and skill at an appropriate level, reflecting the broad curriculum provided by the school.
- Explore a wide range of the school's extra-curricular activities and that nonvocational and leisure interests emerge.
- Gain a sense of satisfaction from personal achievement and become self motivated 'learners' (in the widest sense)
- Appreciate the conventions of social behaviour.
- Have a sense of responsibility towards others and accept responsibility for their own actions/behaviour.
- Have a positive self-image whilst holding realistic perception of their own strengths and weaknesses.
- Accept personal limitations and those of other people.
- Respect the rights and values of others i.e. a different point of view, personality, value system, taste, faith.

At St Paul's we strive to forge learning links with other schools, nurseries and our named secondary school The Albion Academy. We aim to develop links with the community into the school, to make visits to the community from the school.

## **Community Cohesion**

**What do we mean by Community Cohesion?**

St Paul's Primary School adopts the Department for Education definition of community cohesion to mean working towards a society in which:

- There is a common vision and sense of belonging by all communities and the diversity of people's backgrounds and circumstances is appreciated and valued
- Similar life opportunities are available to all, and
- Strong and positive relationships exist and continue to be developed in the workplace, in schools and in the wider community.

We have a responsibility to promote community cohesion, developing good relations across different cultures, ethnic, religious and non-religious and socio economic groups.

### **Our commitment**

For a number of years, we have been committed to promoting community cohesion as part of the response to the legal duties outlined in previous legislation.

We understand that Community Cohesion is the process that should happen in all communities to ensure that different groups and individual people get on well together. It should also allow for new communities and existing communities to adapt and integrate with one another.

The school will promote community cohesion within a number of dimensions including:

- the school community
- the community within which the school is located
- the global community.
- the community of Britain

### **Our achievements**

- Our school ethos, assemblies and curriculum promote respect for others, democracy and valuing others.
- Awareness days/months eg: Black History Month
- An inclusive ethos
- Broad and balanced curriculum for all pupils
- Early identification of barriers to learning and participation
- High expectations and suitable targets for all pupils
- Training for staff is in line with school priorities. The equality agenda is discussed via staff meetings and briefings.

We recognise that our school has a responsibility for educating children who will live and work in a country which is diverse in terms of culture, religions or beliefs, ethnicities and social backgrounds. We understand that we have a duty to eliminate unlawful racial discrimination and to promote equality of opportunity and good relations between people and different groups – Age, sexual orientation, religion and belief.

## 6. Accessibility Action Plan

We continue to make our school as disability friendly and accessible as we can.

Furthermore we continue to record, monitor and review all reasonable adjustments undertaken for staff, pupils, governors, parents and carers.

## 7. Community Impact Assessments

In order to test our anti discriminatory policies and practices and to conduct the equality analysis required by the Equality Act 2010, we will continue to use community impact assessments.

## **8. Community Cohesion**

We also welcome our duty under the Education and Inspections Act 2006 to promote community cohesion. We will continue to support community cohesion by:-

We demonstrate our approach via;

- An overall school-wide atmosphere of equality, dignity, respect, non-discrimination and participation
- A fully democratic, participatory approach to school governance where all members of the school community are involved in decisions that affect them
- Empowerment of students, teachers, staff and governors to meaningfully and equally participate in the creation and implementation of school policies
- Student involvement in debates about change
- An increased sense of inclusivity and interconnectedness that fosters mutual responsibility and local and global understanding and solidarity
- Rich learning experiences about human rights inside and outside of the classroom

## **11. Procurement & Commissioning**

We are required by law to make sure that when we enter into an agreement to purchase goods or services from another organisation to help us provide our services, that organisation will comply with equality legislation. This is a significant factor in selection during any tendering process.
